

All you need to know to prepare and succeed in your going into higher education

The Parcoursup calendar in 3 steps

1

November 2018 > January 2019
I make enquiries & find out about the study courses

LATE NOVEMBER -> JANUARY

I make enquiries about my study course choice, particularly on the terminales2018-2019.fr website and I participate in the 1st study choice week organised in my upper secondary school.

If I'm already a student and wish to **change study courses**, I go to my institution's academic guidance office.

EARLY DECEMBER

I fill in my **dialogue sheet**.

The 1st teachers' conference is made aware of my study course project and makes recommendations.

DECEMBER 20th

The Parcoursup information website opens:

- I gather information about how the procedure works on [Parcoursup.fr](https://parcoursup.fr)
- I check the **study courses offered**: contents, expectations, professional outcomes and criteria for the application files to be examined.

2

January 22nd > April 3rd, 2019
I make wishes & finalise my application file

ALL SECOND TERM LONG

I keep thinking things over with my class teachers and participate in the 2nd study choice week and in the **open day** in higher education institutions.

FROM JANUARY 22nd TO MARCH 14th

I register on Parcoursup to **create my application file**.

I **make up to 10 wishes** (with the possibility to make sub-wishes depending on the study courses) without the need to rank them.

Thursday, March 14th: last day to make my wishes.

MARCH

2nd teachers' conference: each wish I make is reported on an Avenir ["Future"] sheet featuring my teachers' comments and the headmaster's opinion.

APRIL 3rd

Last day to finalise my application file with the items requested by the various study courses and **confirm each one of my wishes**.

APRIL - MAY

The institutions examine the wishes made by the applicants.

Video tutorials are offered on Parcoursup so as to understand well how the platform works.

3

May > July 2019
I receive replies from the higher education institutions & choose

MID-MAY

I check the institutions' replies on the platform.

I receive the admission propositions little by little and continuously. I then answer each one within the time given on the platform.

FROM JUNE 17th TO JUNE 24th

The procedure is suspended while the *Baccalauréat* examination is held.

LATE JUNE - MID-SEPTEMBER

The additional stage is open.

JULY 5th

Results of the *Baccalauréat* examination.

BEFORE THE END OF JULY

I **confirm my registration in the course chosen** following the conditions specified on my application file.

May > September 2019: I get support if I haven't received any study proposition and wish to join a course offered on Parcoursup

I can ask for advice, personal or collective support within my upper secondary school or at the Careers Advice Centre (French CIO) to consider other study course choices, particularly if I've received only negative answers from selective courses (BTS [Advanced Vocational Training Diploma], IUT [University Institute of Technology], schools, etc.).

The **additional stage from late June to mid-September** enables me to make new wishes and be offered to join a course which still has availability.

I can benefit from personal support from the **Committee for Joining Higher Education (CAES)** of my Regional Education Authority.
