

Books order

The readers that have to be bought by the students can be ordered on line from our suppliers in France, and paid by creditcard. The price charged is the same as the retail price, with no added postage. The books will be sent to the school and given to the students at the beginning of term. For details, go to the website under « Education – Books and materials » « Individual orders »

You must place your order by 20th July for the books to reach the school before September. Access to the LDE website will be closed after that date.
