

GETTY CHALLENGE

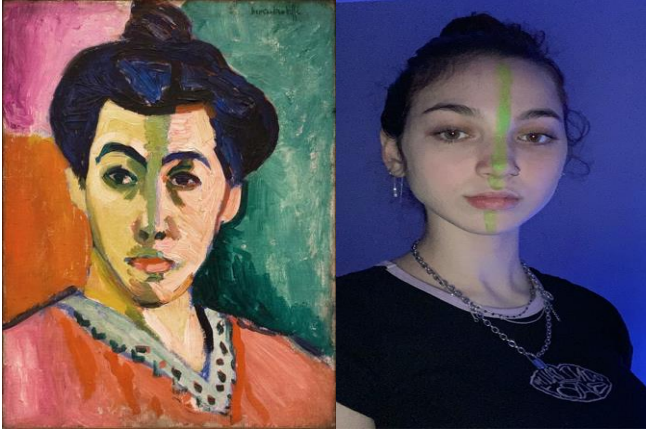

This activity was done during the MCO when everyone was forced to be quarantined. The students from 6^{ème} to 3^{ème} were kept busy with this creative activity. They were taught about the different movements of art according to their level.

The 3^{ème} students learnt about the 20th century art meanwhile the 4^{ème} students were enlightened about the Impressionism art movement. On the other hand, the 5^{ème} and the 6^{ème} students learnt about the great artists like Leonardo da Vinci and Raphael during the Renaissance era. The students obtained a great deal of knowledge and enjoyed creating replicas of paintings during those times.

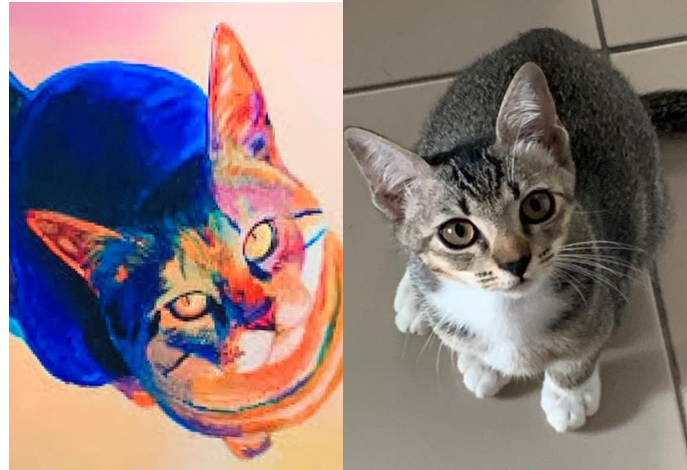

After finishing their getty challenge project, they were guided by their English Language teachers to create haiku, catch phrases and interesting posters. The English teachers who were involved are Madam Nithiaswari Arumugam (3^{ème}), Madam Vidya Sreenivasan (4^{ème} and 5^{ème}) and Madam Lisa Pagnoux (6^{ème}).

Firstly let us take a look at the 3^{ème} students' work, whereby they had to work on the different art movements of the 20th century.

FAUVISM (End of the 19th century)
